Mr. West W. Hughes, who lives within three miles of this place, met

with a painful accident while returning home last evening. He was thrown from his buggy, his face striking the corner of a fence, cutting three large lacerations and breaking one of his fingers. Dr. Watford was summoned and skillfully sewed them up. The doctor says

The political cauldron is beginning to sputter in our county politics. There are three candidates for the office of sheriff. David A. Watford, has discharged the duties of the office honestly and faithfully.

fully say he ever used oppressive meas-

Executive officer, and worked off the

and more than a prophet, and the State. For this he must step down and out. Truly a prophet is not without honor save in his own country. Those who are over-zealous for Fowle urge as their strongest reason for supporting him, that Gov. Jarvis is not such a brilliant and forcible speaker. Could Gov. Jarvis have climbed to the honorable position he now occupies, if he had not been a man of ability? Does not his speeches and State papers compare favorably with any other prominent man's in this State? If he has not a "silver tongue,"

facts and figures as to carry conviction to the minds of the masses. If the conservative party of North Carolina is to be held together by eloquence, their day of damnation is near at hand. We re echo all that has been said about Julian Carr for Lieutenant Governor. A man who can manuever with such success the mammoth tobacco establishment of W. T. Blackwell & Co. must be a splendid financier. With his business tact, comprehensive grasp of mind, courteous and affable demeanor.

It is reported here that Judge Eure will not allow his name to be presented before the Democratic convention as a candidate for Congress. If this be true, there is not a shadow of a doubt but

that Major Latham will be nominated. He has been a gallant, eloquent and fearless exponent of the Democratic party, and richly deserves to be rewarded. When our political skies were dark and gloomy, and the ark of civil liberty was tossed upon the billows of radical oppression, his clarion notes were heard amid the hoarse clamor of

and stimulating the Democratic host to victory. There is no Radical in this strict his peer as a debater. He can make the "far fly" from any of them. They like him about as well as his samite majesty does Holy Water. Hon. J. Martin would meet him but does, and would then take wings and

COLERAINE, Bertie county, N. C.,  
May 15th, 1886.

There is not much news of interest stirring along the Chocoma. Everything wears a Sabbath eve calmness save the May stir and commotion of the fishing season is over. The fishermen generally have done well, catching from one

million to one million and a half of sherrings and from ten to fifteen thousand said sherr. Capahart & Son, we learn, have caught at their two beaches one hundred and fifty thousand sherrings have averaged about three dollars per thousand. Nearly all the shad were shipped in ice and have netted, taking the season through, about twenty-five cents. So you perceive Eastern Carolina is still the golden spot of the State. Our planters are nearly all through with the shad business, and the catch is larger than last year. A large quantity of guano, alas bankruptcy, has been used. The political cauldron is beginning to sputter in our country politics. There are four candidates for the office of sheriff. David A. Watford, the present incumbent and regular nominee of the conservative party, Edward Outlaw, a member of the same party, and two radicals. Our friend and townsman, J. A. No man in this county can truthfully say he ever used oppressive means.

**Paralyzed.**  
We regret to learn that Dr. Fab. J. Haywood, Sr., was on Sunday last stricken with paralysis. Dr. Haywood has for years been confined to his room, not from any special disease, but principally from the failing strength common to venerable people like himself. Dr. Haywood is one of our oldest citizens.

**Gravestone Decoration.**  
It is very repugnant to the Reporter to be necessitated to call the attention of the authorities to the practice of certain sacrilegious persons, whose minds are doubtless unattended with the first elements that constitute a man; and who have been so unkindful of the common rules of decency, to say the least, as to have exercised their destructive qualities in a way that is deplorable.  
The old "City" cemetery in this city has been the victim of this class of persons for some time past. Tombstones have been disfigured in numerous ways; some broken off, and a great number being made a regular place of advertising the spencerian accomplishments of these worthy gentlemen (?). The bones of some of our once most respected citizens lie buried there, and we feel warranted in saying to this imbecile class of denizens, that if caught, they will be severely dealt with.

**Railroad Rates for Wake Forest Commuters.**  
The Raleigh and Gaston R. R., will sell tickets at the usual reduced rates, 3 cents a mile and will run an excursion train from Raleigh on Wednesday and Thursday.

The Raleigh and Augusta Air Line will sell tickets at the same rates.  
The Wilmington and Weldon R. R., will make the usual reduction.

The Richmond and Danville Co., will sell return tickets to Raleigh at 6 cents per mile. Tickets to be on sale on the 7th, 8th and 9th of June, and will be good for 5 days after sale. Tickets must be signed by the President or Secretary of the Faculty to be good on return.

The Cape Fear and Yadkin Valley R. R., will sell return tickets for one fare, the tickets to be signed by the President or Secretary of the Faculty.

Other roads have been applied to, and will doubtless grant the same privileges.

There is perhaps no tonic offered to the people that possesses as much real intrinsic value as the Hop Bitters. Just at this season of the year, when the stomach needs an appetizer, or the blood needs purifying, the cheapest and best remedy is Hop Bitters. An ounce of prevention is worth a pound of cure, don't wait until you are prostrated by a disease that may take months for you to recover in.—*Boston Globe.*

**Would never use Them.**  
If persons were aware of the injurious character of most baking powders, they would never use them. A recent person knows nothing about the chemical combinations necessary. The only good baking powder, prepared by a physician, with special regard to its healthfulness, is Dr. Price's Cream Baking Powder.
